Subject: Application for Transfer of Notice of Intention (Form MR-TRL), UDOT Beck Street Quarry, M/011/0003, Utah County, Utah

Dear Messrs. Hughes and Nussbaum:

On July 5, 2012, the Division of Oil, Gas and Mining received an Application for Transfer of Notice of Intention for the UDOT Beck Street Quarry from the Utah Department of Transportation to Lakeview Rock Products, Inc., and the Division responded with a letter dated July 20, 2012. As pointed out in a letter from John Burggraf dated July 31, 2012, the Division's July 20, 2012, letter contained errors and did not include form MR-RC.

The form submitted, MR-TRL, was correct.

Form MR-RC is enclosed with this letter.

Page 2 of the Notice of Intention to Commence Large Mining Operations (NOI) contains some ownership information and needs to be updated. It may be necessary to update information on additional pages. For example, page 3 says the Department of Transportation owns the mineral rights, but it would be necessary to modify this page if the mineral rights have been sold to Lakeview.

I apologize for the errors. Please contact me if you have questions or need additional clarification.

Sincerely,

Paul Baker

Minerals Program Manager
